

# DHS-wide Accounting, Budgeting and Complementary Financial Management Services Blanket Purchase Agreements (BPAs)

## Established BPAs: Ready for Use

The financial activities required to enable the Department of Homeland Security (DHS) to perform its mission are extensive and often complex. Whatever the requirements necessitating the use of outside professional services, acquiring contractor support is now **quicker and more cost-effective** for all Component agencies and offices. In partnership with the General Services Administration (GSA), DHS has established Blanket Purchase Agreements (BPAs) under the GSA Federal Supply Schedule Financial and Business Solutions (FABS) Multiple Award Schedule 520, with 12 vendors providing a broad range of financial management services. A sample of the scope of services available to DHS customers includes:

- **Accounting:** Analyzing processes and summarizing transactions; assisting in devising new or revised accounting policies and procedures; and performing special studies to improve accounting operations.
- **Budgeting:** Assessing and improving the budget formulation and execution processes; conducting special reviews of budget formulation or execution issues; and reviewing budgetary controls.

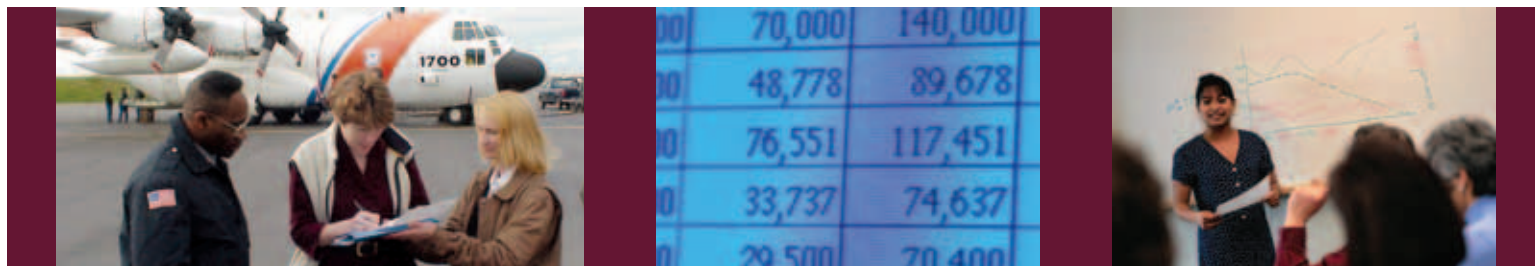

## • Complementary Financial Management Services:

Assessing and improving financial management systems; conducting A-127 system compliance reviews; identifying system requirements; assisting with improving and streamlining reporting and analysis processes; performing cost-benefit analysis or other special financial analyses; and assisting with strategic and operational financial planning.

## Benefits of Using the Accounting, Budgeting and Complementary Financial Management Services BPAs

There are numerous benefits to using DHS BPAs for both simple and complex support requirements, including:

- 2 – 37% guaranteed discount off of the GSA schedule with latitude for further price reductions;
- Broad labor categories providing combinations of skills to meet complex requirements;
- Leading industry vendors with substantial DHS experience immediately available; and
- Quicker, simpler ordering, typically less than 30 days.

Detailed ordering procedure and BPA information is available in the DHS Accounting, Budgeting and Complementary Financial Management Services BPAs Ordering Guide located on the DHS enterprise-wide contract portal, which is accessible via the main DHS Online landing page or through DHS *Advantage!*. For more information, contact the DHS Contracting Officer's Technical Representative (COTR), Deborah Ford, at [deborah.ford@dhs.gov](mailto:deborah.ford@dhs.gov) or (202) 447-5260 or contact the GSA representative, Adam Jones, at [adam.jones@gsa.gov](mailto:adam.jones@gsa.gov) or (703) 605-2798.
